QUICKSTART: IMPORTANT INFORMATION TO HELP YOU GET STARTED

Conducting outreach on Medicare prescription drug coverage is an important way you can help people with Medicare get the information they need to make more informed choices about their health care.

This section will prepare you for this critical role by helping you learn what you need to know about Medicare and Medicare prescription drug coverage.

This section includes:

- Key messages for people with Medicare
- A self-paced training booklet to teach you about Medicare and the Medicare prescription drug coverage
